

December 2018

Dear Members,

Many of you know that Central Coast Orthopedic Medical Group (CCOMG) has provided care to our patients for more than twenty years. During recent contract negotiations, CCOMG notified us of their intent to terminate their contract. After their initial notice, we had the opportunity to meet with the physicians of CCOMG. We agreed our goals continue to be aligned in many aspects; the most important being providing high quality medical care to our patients and for our community.

Because of our meeting, we are pleased to share CCOMG and Physicians Choice have made the decision to continue their relationship!

Orthopedic care is coordinated through your Primary Care Physician. Please discuss all your health care needs with your Primary Care Physicians.

If you have questions regarding our Physician panel, or information posted on our website, please contact customer service at 888-560-8799.

Thank you

Physicians Choice Medical Group
